

THE BUMBY PM WATER MISTER DESIGNED AND CREATED BY: THOMAS G. BUMBYJR. PIC-01

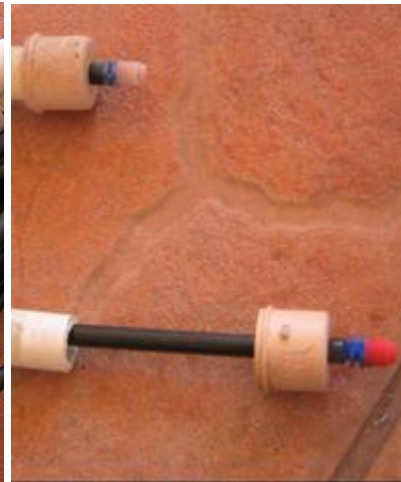

PIC-02

PIC-03

PIC-04

PIC-05

PIC DESCRIPTIONS:

PIC-01 - TWIN HEAD BUMBY PM WATER MISTER ASSEMBLY (a single head can be made if desired).

PIC-02 – WATER HOSE TO 1/4 INCH DIA BLACK TUBING ADAPTER.

PIC-03 – 1/2 INCH PVC END CAPS (WITH 1/4 INCH DIA HOLES) AND 1/2 INCH DIA PVC TUBING-BODY.

PIC-04 – TWIN MISTER HEADS PLASTIC NOZZLE ASSEMBLY-1/2 INCH PVC END CAPS (with 1/4 inch dia. holes).

PIC-05 – SINGLE FINE MIST THREADED BRASS NOZZLE HEAD-RECOMMENDED.

NOTES:

- 1. I FOUND ALL OF THESE MATERIALS FROM LOWE’S GARDEN CENTER (not a plug). THIS STUFF IS FOR “DRIP WATERING” GARDEN PLANTS.**
- 2. THE 1/2 INCH PVC BODY HAS TO BE ATTACHED TO YOUR PM HOUSE OR TO THE TOP OF THE POLE TO BE EFFECTIVE. THE 1/4 INCH BLACK TUBING IS FLEXIBLE ENOUGH THAT IT IS NOT A PROBLEM DURING RAISING AND LOWERING MY PM HOUSING AT NEST CHECKS.**
- 3. THIS CAN BE ATTACHED TO A PROGRAMMABLE WATER TIMER (BATTERY POWERED) FOR THOSE THAT CAN’T BE AT HOME TO TURN THE BUMBY PM MISTER ON AND OFF.**
- 4. SLOWLY OPEN THE WATER UNTILL IT STARTS TO MIST, THEN TURN THE FAUCET TO THE DESIRED MIST.**
- 5. FOR MORE INFORMATION, CONTACT: bumbytg2@yahoo.com.**
